I think we can all agree that one of the most fun things you can do with an Android is utilize the customization features to the fullest. An Android OS allows you to have your favorite image in the background or use your favorite them. The more desirable your wallpaper, the more intriguing your phone appears to users. Every Android device comes with plenty of options that allow you to customize the user interface as per your preference. And one of the most fun ways of customizing your smartphone is by applying the best HD live wallpaper for Android. Be it on the wall or in the background of your phone; a good wallpaper will only add to the overall aesthetic value of the device. The Android operating system allows for some of the best live wallpapers, animated or interactive scenes that work as your phone's home screen image. So another cool thing that your Android lets you do is let live wallpapers take over. However, not everyone is aware of live wallpapers and where one can get the best of them. Therefore, in this article, we will be discussing live wallpapers in detail and will also lay down the 20 best live wallpaper apps for Android. What Are Live Wallpapers? As we mentioned above, an Android OS is designed explicitly to give the majority of customization features to its users. One such feature is using live wallpapers. While a standard wallpaper has a static appearance, live wallpapers are the exact opposite. Live wallpapers are animated and interactive backgrounds that offer ever-changing screens to make your device appear much more dynamic in appearance. Once equipped, these live wallpapers either change once in a while or every time you power off your phone. How To Set A Live Wallpaper On Your Android Device? There's nothing easier than applying a live wallpaper on your Android. To set live wallpaper on your android device, follow the steps mentioned. Go to "Settings">Go to "My Device.">Select "Display">Tap on Wallpaper>Select Home Screen>Select Live Paper>Choose your ideal live wallpaper NOTE: Every smartphone manufacturer tends to have a slightly different interface, so the instructions may be minutely different on each Android OS. However, the basics tend to remain the same, and you can find your way through to your live wallpapers through some exploration. 20 Apps For The Best HD Live Wallpapers For Android The majority of Android devices do not have many options for both wallpapers and live wallpapers. However, several apps are dedicated to providing you with a number of wallpapers, live wallpapers, ringtones, themes, and many other exciting features. All you need to do is head to your Google Play Store and download the one which suits you best. Here are the 20 Apps For The Best HD Live Wallpapers For Android 1. Pixel 4D Live Wallpapers 4K The Pixel 4D has over 300 cool 3D wallpapers and animated lock screen backgrounds for users to choose from.
